Virtual Reality – The Next Big Wave

Matthew Stoudt
CEO
AppliedVR

The next big wave is just starting to break. It's Virtual Reality and it will significantly alter the landscape of every industry from military, healthcare, entertainment, gaming, shopping, market research, education and fashion, just to name a few.

Enter the Cosmetic and Personal Care industry and the applications for AppliedVR are virtually endless. Will branded virtual reality content be the next frontier in marketing cosmetics? In the (very

Educational Hour

Anti-Aging Advances: The Latest in Cosmetic & Surgical Procedures Favored by Celebrities

Stuart H. Kaplan, M.D.

Dr. Kaplan's philosophy is simple: Help people look as beautiful on the outside, as they feel on the inside.

In this spirit he created the concept of the "Skincare Lifestyle," which explores the question, "Why do we desire beautiful skin?" He uses this concept to educate patients that beautiful, youthful skin is first, achievable, and second, maintainable. The Skincare Lifestyle focuses on a balanced, whole health approach of combining good diet and exercise, a quality skincare regimen, and non-invasive procedures as the key to beautiful skin.

near) future, will you even have to leave your house to visit a spa? How could VR impact our industry?

Guests will walk away with a much clearer understanding of VR, how it is positively impacting the healthcare industry and how it may impact the cosmetic industry in the near future.

About Our Speaker

Matthew Stoudt is the CEO of AppliedVR, the

...continued from page 1

leading medical VR solutions company. Prior to joining AppliedVR, Stoudt founded and built Outcast Media into the leading digital media company reaching active, on-the-go consumers. He successfully exited in 2014, selling the company to Verifone Holding.

Matthew Stoudt received his BA in Math Methods in Social Sciences from Northwestern University and his MBA from Northwestern Kellogg School of Management.

Educational Hour

Dr. Kaplan's talk, "Anti-Aging Advances: The Latest in Cosmetic & Surgical Procedures Favored by Celebrities" will cover the latest in facial rejuvenation and most in-demand procedures requested by everyone from celebrities and politicians, to housewives and everyday businessmen. The talk will explain the harmony the needs to exist between the two P's: Procedures and Products, and how Dr. Kaplan's concept of the Skincare Lifestyle is the future of anti-aging.

About Our Speaker

Stuart H. Kaplan, M.D. is a world renowned medical and cosmetic Dermatologist. His expertise has made him a Skincare Authority for celebrities, models, and beauty icons from all over the world.

A brilliant scholar, Dr. Kaplan graduated with honors from New York University after 2 ½ years. He accepted a scholarship to attend the Albert Einstein College of Medicine where he graduated with distinction. Dr. Kaplan completed internship

...continued from page 1

in Internal Medicine at the University of Pittsburgh and his Dermatology residency at UCLA Medical Center, where he was selected as Chief Resident of the program.

For the past 25 years, Dr. Kaplan has been treating patients in his private practice in Beverly Hills, while teaching medical students and physicians as an Assistant Clinical Professor of Dermatology at UCLA Medical Center, and Attending Physician in Dermatologic Surgery for the West Los Angeles Veterans Hospital.

Dr. Kaplan has received prestigious honors from the American Cancer Society and American Medical Association. He has been named one of America's Top Dermatologists for the past 5 consecutive years. In addition, he received two awards from the U.S. Congress for the volunteer work he performs for the youth and foster children of Los Angeles County.

BEING AN SCC MEMBER HAS ITS BENEFITS!

Valerie George

I'm sure you know there are many benefits to being an SCC Member. One of them is discounted meeting prices. Starting in September, your SCC Member ID will be required to receive the member-only price. Your SCC Member ID will be included in every event announcement. If you can't find the latest announcement, please email Tina-Marie Lesko or info@caliscc.org for your member ID.

Renewing your SCC registration is moving online. We will have detailed instructions at caliscc.org on how to easily renew your membership by credit card. We're going head-to-head with other chapters for an early renewal contest. I'd love to win! Keep your eyes peeled for an email in the coming weeks on step-by-step instructions on how to renew.

Our biennial scientific seminar is around the corner in October. There is a host of exciting speakers that will bring us the latest industry trends. Registration is open online. Our Scientific

Seminar Chairs have done a fantastic job coordinating this event.

This is our last meeting at Manhattan Beach in 2016. The October and November meetings will be held in the San Fernando Valley. Surely the weather will be

beautiful for this occasion. After hearing the latest celebrity tactics in anti-aging, members can take part in a live virtual reality demonstration before dinner. Just tell the registration desk you're interested, as availability to participate in the pre-dinner demonstration is limited.

Looking forward to seeing all of you at the September meeting!

Valerie George

THE HISTORY OF THE CHAPTER MERIT AWARD

As most of you are aware, every year the board has the option to present a member with the prestigious Chapter Merit Award. The Award goes to someone who has gone "above and beyond" in their voluntary service to the chapter, either in that current year or over time. This award is a National SCC award, given out by each chapter. The award does not have to be issued every year if no person is nominated.

The Chapter Merit Award originated in 1979 as "The Good Guy Award". It was established that year in memory of David J. Warner. David J. Warner was a California Chapter SCC Member who tragically died in a car accident in 1979. He was one of the "good guys" and served our Chapter selflessly.

The National SCC saw that the "Good Guy Award" was a great way to recognize outstanding service and adopted the national version of the award in 1995, which is now called The Chapter Merit Award.

The California Chapter of the SCC has been a trend-setter in many ways throughout the years but perhaps you didn't know that it was our Chapter that was behind the creation of the Chapter Merit Award!

The following CA SCC Members have received this award:

1995 - Tracey Gedney
1996 - Deborah Pierce
1997 - Don Katz
1998 - Guy Langer
1999 - Brad Rope
2000 - John Garruto
2001 - Dr. Robert Saute
2002 - Bret Katz
2003 - Valerie Perez
2004 - Rebecca James Gadberry
2005 - Janet Winter Blaschke
2006 - Dr. Don Orth
2007 - Karen Chun

2008 - Lee Paler
2009 - Angie Inouye
2010 - Tina-Marie Lesko
2011 - No recipient
2012 - Liz Strelend
2013 - John Luna
2014 - Brian Kolevar
2015 - Chris Lesko

The Chapter Merit Award is the highest honor a chapter can bestow upon a member. The 2016 Chapter Merit Award recipient will be announced at the January 2017 meeting.

A Special Daytime Course for Non-Chemists

Skin Care Ingredient Series for Cosmetic Professionals

Part I • Oct. 1–3, 2016, Sat–Mon, 9am–5pm

Part II • Feb. 12–13, 2017, Sun–Mon, 9am–5pm

This series offers a foundation from which all skin care professionals—regardless of scientific background—can understand current and future advances in skin care ingredient technologies. Key elements of the skin—from skin cells to dermal tissue—are examined throughout this two-part course, with popular ingredients designed to target specific skin sectors and conditions highlighted during the presentations. Suggested reading, blogs, websites and tutorials will be provided in each course for those students interested in continuing to learn about skincare.

Students are encouraged to bring cosmetic products with ingredient lists to discuss with the class. Tape recorders are allowed for students' own use, but video or other forms of visual recording are not allowed.

Prerequisite

While the courses can be taken independently, Introduction to Cosmetic Ingredients & Regulations for Beauty Professionals is suggested before taking Part I. Part I is suggested prior to taking Part II.

Skin Care Ingredients for Cosmetic Professionals, Part I Aging Skin: Skin Cells, Inflammation, Epidermal & Dermal Aging, Sunlight, Hyperpigmentation, Wound Healing

Oct. 1–3, 2016, Sat–Mon, 9am–5pm

Westwood: 121 Gayley Center

Reg# 265473

\$695

Skin Care Ingredients for Cosmetic Professionals, Part II Skin Conditions: Dry, Sensitive, Acne, Rosacea, Stress, Wound Healing & Skin Allergies

Feb. 12–13, 2017, Sun–Mon, 9am–5pm

Reg# 266073

Offered in cooperation with the California Chapter of the Society of Cosmetic Chemists and Beauty Industry West.

Who Should Attend

Non-chemists who wish to understand more about cosmetic ingredients and the regulations affecting them, including product developers, marketing managers, estheticians, cosmetologists, educators, physicians, nurses, makeup artists, retail salespeople, cosmetology instructors, sales trainers, public relations specialists, beauty journalists and bloggers, company presidents, raw material suppliers, cosmetic chemists, and others who desire a refresher course in the topic.

Instructors

Rebecca Gadberry is senior instructor and course coordinator of the cosmetic sciences program at UCLA Extension.

Irena James is instructor for the basic and skin care ingredient program.

Please check website for complete bios.

Enroll

Online: Go to uclaextension.edu and enter *Cosmetic Chemistry* into the search bar.

Phone: Call **(310) 825-9971** or **(818) 784-7006** and provide the course **Reg#**.

For a complete description of each course, see back of flyer.

Part I - Aging Skin: Skin Cells, Inflammation, Epidermal & Dermal Aging, Sunlight, Hyperpigmentation, Wound Healing

Three-Day Course

This course offers the cosmetic professional an in-depth look at the physiology and biological processes of cellular and skin aging. Beginning with skin cells, this course will examine the effects of internal and external factors on the skin's biological aging process. Sunscreens, antioxidants, growth factors, skin resurfacers, and other age-fighting ingredients currently found in cosmetics, as well as technologies now emerging from research labs around the world, will be discussed within the framework of their effects on aging skin.

Scheduled topics include:

- Cell Biology for Skin Care Professionals:
How Cells Work & Cell-Specific Ingredients
- DNA and DNA Repair
- The Epigenome: Where the Environment & DNA Meet
- Cellular Aging
- Mitochondria, Oxygen & Cell Energizing
- Free Radicals, Reactive Species & Their Antioxidants
 - Reactive Oxygen Species
 - Reactive Nitrogen Species
 - Reactive Carbonyl Species
- Skin's Role in the Immune Function
 - Immunity-Enhancing Ingredients
- Effects of Skin Inflammation: The Inflammation Cascade & Cosmetic "Anti-Inflammatories"
- Biochemical Processes of Wound Healing
 - Cosmetic Ingredients Designed to Support the Wound Healing Process
- Stem Cells & Growth Factors
- Theories of Skin Aging
- Epidermal Aging
- Exfoliants AHAs, Salicylic Acid, Enzymes & Non-Acid Resurfacers
- Effects of UV, HEV & IR on Skin
- Sun Protection: What the Non-Chemist Needs to Know
- Environmental Stress: protecting skin from the effects of Tobacco Smoke, Smog & Pollution
- MatrixMetalloProteinases & MMP Inhibitors
- Glycation & Glycation Inhibitors
- Biosaccharides & Peptides in Anti-Aging Skin Care
- Medical Mimics & Selfie-Ready: Line Filler & Botox® Rivals
- Pigmentation & Hyperpigmentation
 - Skin Lightening & Brightening:
Upstream vs. Downstream Inhibition
 - Proteosomes & Lipofuscin

Part II - Skin Conditions: Dry, Sensitive, Acne, Rosacea, Stress, Wound Healing & Skin Allergies

Two-Day Course

This course offers an in-depth look at the causes, physiology, and biochemical processes of common skin conditions. Beginning with a foundational understanding of the stratum corneum, each condition is examined according to its unique physiological and biochemical processes. Cosmetic and drug ingredient technologies currently found in cosmetics and OTC drugs, as well as technologies now emerging from research labs around the world, will be discussed within the framework of each skin condition.

Scheduled topics include:

- The Stratum Corneum
 - Barrier Damage & Repair
 - Humectants & Hydration
 - Aquaporins
 - Skin's Second Barrier: The Microbiome
- Skin Penetration: How to Increase or Inhibit Absorption
- Delivery Vehicles
- Recognizing Sensitive Skin
- Ingredient Technologies to Calm & Control Skin Sensitivity
- Ingredients Sensitive Skin Should Avoid
- Allergic Skin: Common Skin Allergens
- Recognizing Rosacea and Its Four Subtypes
- The Biochemistry of Rosacea
- Rosacea Causes, Triggers, and Ingredient Solutions
- Ingredients Rosacea Skin Should Avoid
- The 8 Contributing Factors to Acne & Corresponding Ingredient Solutions
- Ingredients Acneic Skin Should Avoid
- Comedogenicity & Common Pore-Blocking Ingredients
- Stressed Skin
- Recognizing Stressed Skin vs Sensitive Skin
- The Biochemistry of Stress
- Skin Effects of Stress Hormones
- Ingredients to Control Signs of Stress

GLOSSAMER™ NATURAL POLYMER

Looking for a natural solution for today's ever-increasing formulation challenges and regulatory requirements?

Glossamer™ L6600 is a bio-based, biodegradable polymer created from purified Tung (China wood) and rapeseed oils.

Glossamer's film-forming properties impart multi-functional benefits including gloss, moisturization, and water- and wear-resistance in skin, sun, hair, and cosmetic color formulations.

To learn more about Glossamer™ L6600, visit coastsouthwest.com/glossamer.

CALIFORNIA CHAPTER SCC STEM OUTREACH

The California Chapter of the Society of Cosmetic Chemists partnered with AAUW's Tech Trek Science Camp program at Whittier College to give seventh graders the opportunity to be cosmetic chemists. On June 29, 2016, California Chapter Chair Valerie George and Area III Director Liz Streland spent the afternoon with eighty-five enthusiastic young ladies guiding them through the process of making a lotion. Each session started with a discussion about the importance of safety as each student was provided safety glasses and gloves. Students then learned about emulsion chemistry and all of the decisions that go into making products. After choosing their fragrances, participants named their products and designed their own labels. Thanks to Angie Inouye for introducing our chapter to Tech Trek.

The California Chapter has been conducting STEM outreach with various schools and organizations in California since 2013. The Society of Cosmetic Chemists is in the process of formalizing its national STEM program as part of the NextGen mentor program. The SCC's *Future Scientist Initiative* will focus on advancing elementary and secondary school outreach. The *Future Scientist Initiative* committee was formed earlier this year and includes two members from our California Chapter: Janet Blaschke (California Chapter Regulatory Chair) and Liz Streland (Area III Director). Chris Daraska (Midwest Chapter), Alex Breckwoldt (St. Louis Chapter), Joy Roederer (Southwest Chapter), and Steve Herman (New York Chapter) are serving on this committee as well.

We are excited that FSI will be hosting a formulating class for our "youngest scientists" at the IFSCC Congress in Orlando on November 1st. For additional information on this event or any of the NextGen programs, please contact Liz Streland (Liz.Streland@croda.com).

Become A Sponsor!

The SCC California Chapter is opening sponsorship opportunities to anyone interested in introducing their company during our monthly meetings.

The benefits of sponsorship are to provide you and your company with the following:

- **Approximately three to five minutes to introduce your company and employees, products, capabilities and/or services.**
- **The exclusive right to distribute literature and samples at the monthly meeting.**
- **Optional table adjacent to the registration table to distribute literature and samples by one or two employees.**
- **Your company name will appear on our Sponsor board at the meeting.**
- **Your company name and location will be included in all meeting announcements, including our monthly newsletter (Cosmegram) and all email announcements and reminders.**
- **Your company name will appear for one month on the SCC website as “This Month’s Sponsor”, which will include a link to your company website.**
- **Your donation to sponsor a meeting is tax deductible with our non-profit status.**

Cost: The cost to sponsor a SCC chapter meeting is \$350.

Please contact Yi Hsin Chang if you are interested or have any questions.

Yi Hsin Chang
Sponsorship Chair
ychang@ingsolutions.com

Announcements

Meeting Locations for 2016

- September meeting:
Manhattan Beach Marriott, Manhattan Beach
- October meeting:
Sheraton Universal Studios, Universal City
Starview Room (Top Floor Room)
- November meeting:
Warner Center Marriott, Woodland Hills

SCC Contact Information Changes

If you are a member of our chapter and your information (ie. name, address, company, phone numbers, email address) has changed, please make sure you contact us with the new information so we can update our database. If changes are not sent to us, you may not be getting your newsletter, meeting notices, course registrations, etc. Please contact Tina-Marie Lesko at tinamarie.lesko@mibellegroup.com with any changes.
